

## **Concrete and strong actions to take during the uprisings**

Dear patriots, friend, combatants, revolutionaries, we are now in the final phase of our revolution! For all of us, the time for only written and spoken expression is over; now is time for action, time for concrete and strong actions! Each of us shall contribute with all their energy, strength and courage, their own way, for our dear nation, our dear motherland, our children and generations to come! First of all, everybody, each and everyone of us shall start an unlimited strike, no work until the terrorist Biya-CPDM regime falls! Also, let's all send our cell phone numbers confidentially as soon as possible by e-mail at [info@cameroonrevolution.org](mailto:info@cameroonrevolution.org); [info@revolutioncamerounaise.org](mailto:info@revolutioncamerounaise.org); or [Camerrevolution@gmail.com](mailto:Camerrevolution@gmail.com). Our cell phone numbers are very important during armed combat for communication and coordination with our brothers and sisters of Patriotic Armed Forces; and also for our own safety! Then, the most courageous and aggressive of us are asked to follow our tactics and instructions of uprisings, attack and destroy the Biya-CPDM regime, their supports and all that belongs to them! those of us, who don't want to confront bad elements within police, BIR and others, are strongly asked to also take concrete and strong actions such as: 1) making their neighbourhood inaccessible by discreetly and anonym blocking roads near their residence; 2) using car tires and any other objects to block all roads and passages; 3) using gas, diesel, petroleum to discreetly and anonym put fire to everything belonging to the Biya-CPDM regime and its key figures; 4) damaging, breaking all properties of key figures of the Biya-CPDM regime such as their vehicles, cars parked on road sides, maybe even on your road by regime key figures who are visiting their first, second, or hundredth mistresses; etc. The time for actions is now; now or never! We will prevail 100%!

**People and Soldiers are ONE! Let's go together!**
